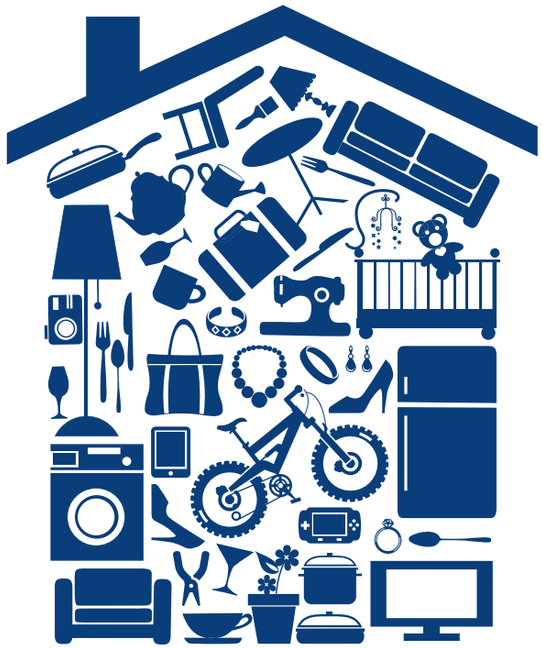
Household Inventory Checklist

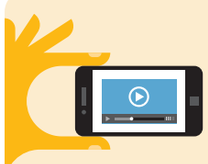


The Company that Cares

Keep a Record of Your Personal Property

Over time we acquire many personal belongings with great sentimental value. We cherish these possessions, but how often do we take inventory of them? In the event of a fire or theft, replacing these items can be a challenge without proper documentation. At Harvard Western Insurance, we recommend taking a detailed inventory of your personal belongings at least once a year.

Fill out the attached form room by room and keep it in a safe place outside of your home, such as a safety deposit box and/or with your Harvard Western Insurance advisor.



TIP: We recommend photographing or videotaping your inventory if possible.
