Online Banking Payment Instructions

How to Pay Using Online Banking

1

Find Us as a Payee

Because each bank has different records, we may be listed differently. Search for any of these names:

Harvard Western Insurance

Harvard / Western Insurance

Harvard Western Ventures

2

Use Your Client Code as Account Number

When setting up the payee, use your **Client Code as your account number**.

! Your Client Code can be found at the bottom of your invoice

! Important Reminder

Make sure to use your Client Code (found on your invoice) as the account number when setting up the payee. This ensures your payment is properly credited to your account.
